Journeyperson Refrigeration and Air Conditioning Mechanics - Heat Pump Installers

Updated 2018-11-05

The following installers hold journeyperson certification as Refrigeration and Air Conditioning Mechanics. takeCHARGE recommends choosing a certified individual to complete any heat pump installation, as well as a registered electrical contractor working under permit.

While we can verify the credentials of these individuals, Newfoundland Power or Newfoundland and Labrador Hydro does not endorse any one specific individual or company. The list is sorted by region of Newfoundland served as indicated by the company, then alphabetically by Company.
