Take Charge

2026/2027

TakeCharge of Your Town

A key focus of the TakeCharge program is to help raise awareness amongst residents, businesses and communities of the importance of using energy wisely and encourage more people to take action today to reduce their energy usage. We are committed to providing residents and businesses in Newfoundland and Labrador with support in their energy conservation efforts through our TakeCharge residential and commercial rebate programs.

In our 16th year of TakeCharge of Your Town, we will once again be inviting municipalities to submit proposals that will support their efforts to develop or improve energy conservation or energy efficiency projects. Projects must demonstrate a positive effort to conserve energy that benefits the entire community. Examples of eligible projects include, but are not limited to, energy efficient upgrades to a town hall or municipal building.

We are now accepting proposals. The deadline for submission is 4:00 p.m., Friday, April 2nd, 2027. A successful proposal will be announced Spring 2027.

TakeCharge of Your Town
2025/2026 Winners

Take Charge OF YOUR TOWN

Town of Harbour Main – Chapel's Cove – Lakeview

The Town of Harbour Main – Chapel's Cove – Lakeview will use the grant to install heat pumps in their fire hall.

Town of Rocky Harbour

The Town of Rocky Harbour will be completing an LED lighting upgrade at their arena.

Tell Us About Your Proposal

WIN $15,000

- Projects need to demonstrate energy conservation or energy efficiency.
- One grant of $15,000 will be awarded.
- Proposals must indicate how funding will be used by December 31st, 2027.
- Proposals can be submitted online at TakeChargeNL.ca/news-events/town-challenge, by email to TownChallenge@TakeChargeNL.ca or by mail to your utility.

Proposals must include the following:

1. Municipality name
2. Contact name
3. Contact phone number
4. Contact email
5. A detailed description of the project
6. The total estimated cost of the project
7. Other partners including additional project funding
8. How the TakeCharge of Your Town grant will be used
9. How our employees can provide hands-on support
10. The overall benefit to the community
11. Any additional information that will support your proposal
